

**RIPACK 2100**  
RIPACK QUALITY AT LOW PRICE

The Ripack 2100 is the ideal tool to get started in the shrink world, or for occasional shrink needs.

With a fixed power of 40 kW, the Ripack 2100 will be your best ally for shrinking films up to 150 microns.

Reliability and safety being the key words for Ripack, this shrink gun is equipped with the patented «cold nozzle» technology, as well as a Securipack pressure regulator. This ensures the highest level of safety and constantly monitors the gas cylinder pressure and the pressure of the device.

With its patented no tool piezo changeover system in the handle, save time and efficiency.

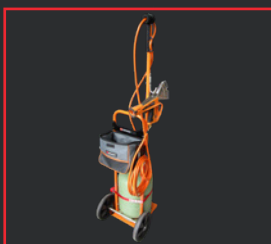

**TECHNICAL SPECIFICATIONS**

<b>Power</b>	40 kW
<b>Pressure</b>	2,5 bars
<b>Length/Height</b>	360/262 mm
<b>Package dimensions</b>	460x330x140 mm
<b>Weight</b>	955 g
<b>Package weight</b>	4850 g
<b>Noise level</b>	< 85 dbA
<b>Energy source</b>	Propane gas
